

2017 IEEE INTERNATIONAL NEWCAS CONFERENCE

JUNE 25-28, STRASBOURG, FRANCE

© Didier B.

CALL FOR PAPERS

The 15th IEEE International NEWCAS Conference will be held in **Strasbourg, France, on June 25-28, 2017**. The program of the conference will be tailored to reflect the wide spectrum of topics and research interests shared among researchers and practitioners in the field of circuits, systems and microsystems. It will provide attendees with a unique forum for the exchange of ideas and results. The topics include, but are not limited to:

Analog/mixed signal circuits	Test and verification
RF circuits	Biomedical circuits and systems
CAD and design tools	Communication C&S
Comp. architecture & memories	Device modeling
Digital circuits	Digital signal processing
Embedded systems	Energy harvesting circuits
Imaging & image sensors	Low-power low-voltage design
Microsystems	Neural networks
Sensory circuits and systems	Emerging technologies

PROGRAM COMMITTEE

General Program Co-Chairs

Luc HEBRARD, Mohamad SAWAN

Technical Program Co-Chairs

Mounir BOUKADOUM, Morgan MADEC, Wilfried UHRING

Track Chairs

Massimo ALIOTO, Jean-Baptiste BEGUERET, Patrick GIRARD, Erkan ISA, Eric KERHERVE, Jean-Olivier KLEIN, Christophe LALLEMENT, Shuenn-Yuh LEE, Yvon SAVARIA, Takashi TOKUDA, Guoxing WANG, Wei-Ping ZHU

Tutorials Co-Chairs

Hervé BARTHELEMY, Nathalie DELTIMPLE, Frédéric NABKI

Special Sessions Co-Chairs

Benoît GOSSELIN, Fabrice MONTEIRO, Mohammad TABAA

VENUE

Strasbourg is considered as a European Capital due to its **European institutions** quarter, where the conference will be held. It is also famous for its 142 meters high gothic **Cathedral of Our Lady**, dating from 1277 and topped with a single steeple, as well as for its historic quarter **La Petite France** located on the **Grande Île**, one of the 41 French sites included in the UNESCO's World Heritage List. With over 46,000 students from about 150 countries, Strasbourg is a cosmopolitan and dynamic city which leaves its visitors with the desire to come back.

SUBMISSION

The submission procedure for full papers will be posted on the conference website and must follow the guideline and template given. Complete 4-page papers (in standard IEEE double-column format) as well as a short abstract is required.

AICSP SPECIAL ISSUE

A selection of the best papers will be published in special issue of the international journal **Analog Integrated Circuits and Signal Processing (AICSP)**.

SPECIAL SESSION PROPOSAL

The technical program of NEWCAS 2017 will include special sessions to complement the regular technical program with emerging topics of particular interest to the attendees. Additional information and submission process are given on the website.

TUTORIAL PROPOSAL

The Organizing Committee of the 2017 IEEE NEWCAS Conference invites proposals for 3-hours tutorials to be held on the first day of Sunday, June 25, 2016. Additional information and submission process are given on the website.

MAIN DEADLINES

- Proposal for tutorial and special sessions : **January 22, 2017**
- Notification of acceptance (SS and tuto.): **January 30, 2017**
- Deadline for regular papers : **February 26, 2017**
- Notification of acceptance for regular papers : **April 12, 2017**
- Camera-ready manuscript : **April 30, 2017**
